NUMBER 32

MEETING SET TO ORGANIZE GUARD UNIT IN TOWNSHIP

ORGANIZATIONS ASKED TO HAVE OFFICERS MEET WITH A.G.O. REPRESENTATIVE HERE

Referring to Washington Township Post, American Legion's proposal to organize a California State Guard unit in this Township, letters have been received by Walter Waynflete chairman of the Legion's committee, from The Adjutant General at Sacramento and from District Superintendent A. J. Rathbone of Washington Union High School, both expressing their interest in furthering the project.

The several letters follow:

Mr. Walter Waynflete
Care of Township Register
Niles, California
Dear Sir:

In reply to your letter of July 25, Governor Culbert L. Olson is interested in the organization of a California State Guard unit in your vicinity. It is suggested that you call a meeting of committees from the representative veterans', civic and service organizations in your community to discuss the organization of such a unit. It is the desire of the Governor that State Guard units be directly representative of the community in which they are organized.

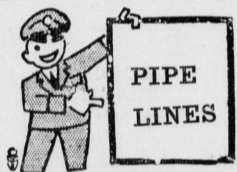

If you will arrange for a suitable date for your committee to meet, someone from this office will be glad to be present and explain the organization fully. If such a course is taken to get together on a date that will be mutually agreeable.

Thank you for your inquiry and your interest in National Defense.

Yours very truly,

J. O. Donovan,
Brigadier General, CNG,
The Adjutant General

Mr. Walter Waynflete
Township Register
Niles, California

By Ernie Frick

A customer gave us a shock, the other day. She asked us why we never advertised.

Imagine our surprise, as our ad has run more or less regularly.

When we told her we did advertise and showed her an ad to prove it, she said, "Yes, but they look so much like all the rest, why don't you doll them up a bit so they'll be easier to catch?"

That set us to thinking. Maybe she was right.

We thought of a lot of ways to make the ads sensational but decided that columnists got more readers than most writers. So we decided to try our hand as a columnist.

Now we don't expect to be a Winchell or an Irwin Cobb, but we'll try to give you a few smiles now and then.

And yes, you're right, we'll probably talk a little bit about the APPLIANCE business.

So wait for our literary efforts in the issues to come.

**E. H. FRICK
PLUMBING CO.**

NILES

NILES SEWING ROOM NEEDS MORE WORKERS

Mrs. Harvey Braun, acting chairman of The Niles Red Cross states that the Red Cross is still very active and would appreciate new helpers. The Red Cross meets each Monday from 2 — 4 o'clock in the Recreation Building at the Niles grammar school. Mr. Henry Miller of the Niles Cleaners is very kindly donating his services in pressing the garments that are made each week by the Red Cross workers.

C. E. MARTENSTEIN IS CREMATED IN OAKLAND SATURDAY

The sad news was brought to this community on Thursday morning of last week that Clarence E. Martenstein, 65, esteemed member of this community, had succumbed at the Alameda Sanitarium to the effects of an emergency appendectomy performed two weeks earlier. He had been suffering for some time with a stomach disorder and was not thought to be strong enough to undergo an appendicitis operation.

When the appendix ruptured the operation was performed, and though he made a brave effort to recover, he lingered about two weeks.

Final rites were held at an Oakland funeral parlor Saturday afternoon, with private cremation following at the California Crematorium. Reverend W. J. Attwood of Berkeley was the attending minister.

He was a member of one of the early pioneer families of Southern Alameda county and had been prominent in Masonic circles of the Bay region. He is survived by his widow, Emily, a daughter, Mrs. Theodore Logan; a brother Walter and a sister, Alice Andrade, all of Niles.

He was a member of one of the media Lodge of Masons, No. 167 the Oakland Scottish Rite, the Aahmes Temple of the Mystic Shrine, the High Twelve and the Paradise Park club. He was a member of the Loyal Order of Moose and secretary of the Niles Parlor of Native Sons. He graduated from Washington High School and the University of California with the class of '99 where he was a member of the Bachelordom Club.

The sincere sympathy of the community is extended to the survivors in their time of sorrow.

Dear Mr. Waynflete:

I am most happy to comply with your request of July 25th, and not only will I bring before the Board at their next meeting on August 5th, the request of the American Legion, but will certainly add my own petition to yours that this request be granted.

Very sincerely,

A. J. Rathbone
District Superintendent

Friday, August 22 at 8 o'clock in the visual education room at the high school at Centerville has been tentatively set as the meeting date and place, subject to confirmation by Mr. Rathbone and the Adjutant General's office.

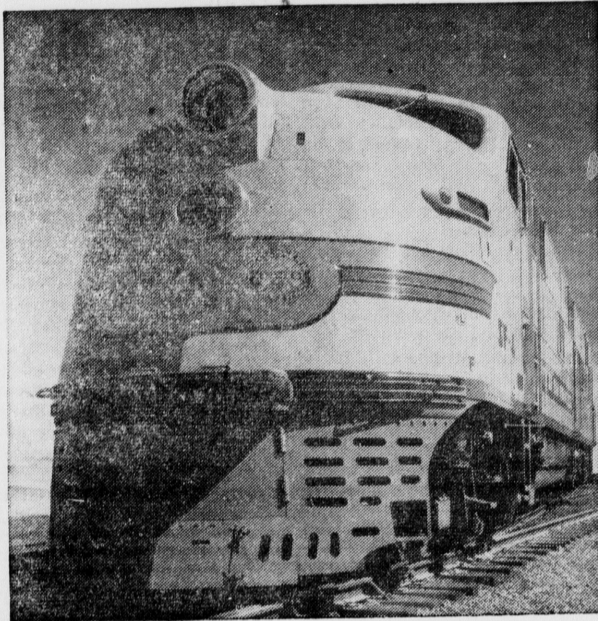

It is requested that the presidents and secretaries of the following organizations of Washington Township keep the date open and attend in person:

Niles Rotary Club, Centerville Lions Club, Newark Boosters club, Decoto Boosters club; Niles Junior Chamber of Commerce, Alvarado Chamber of Commerce, Washington Township Post, American Legion, Niles Chamber of Commerce, Washington Township Men's club, and any other organization of our communities, other than fraternal, educational or religious, that we may get this project under way.

More specific details will appear in the next issue of this newspaper on August 15. — Ye ed.

Mrs. Carl Klinkle entertained her Bridge Club on Thursday.

ANOTHER S. F. — CHICAGO STREAMLINER

Thirty-nine and three-quarter hour streamliner service between San Francisco and Chicago every third day began July 23, when Southern Pacific Company announced the inauguration of a second "City of San Francisco" to alternate with its companion train of the same name on the Overland Route. Powered by giant Diesel-electric locomotives, the second "City of San Francisco" is shown above on its maiden cross-country "sailing." The twin 17-car streamliners provide the newest features of de luxe rail travel, according to Harvey Braun, local agent for Southern Pacific.

DUDE MARTIN TO BROADCAST FROM NEWARK

NEWARK — About 1500 people throughout Alameda County are expected to attend the Dude Martin and his Round-up Gang broadcast and dance, Saturday evening at the Newark Pavilion. This dance is being given by the management of the Newark Pavilion.

Dude and the boys are heard over radio station KYA from Monday morning through to Saturday morning inclusive at 7 A.M. to 8 A.M.; Monday evening through Friday evening from 6 P.M. to 6:30 P.M. The announcement from the dance Saturday will be heard over his radio program.

A special attraction at the dance will be the broadcast between the hours of 10 to 11 P.M. over station KYA at San Francisco with the actual performance taking place at Newark. According to rumors and even Dude and the boys, it is a wonderful and thrilling experience to see how a broadcast takes place when the actual station is located forty miles away. Many people who are planning to attend the dance are going to watch the performance of the broadcast in the Pavilion for the first half hour, and spend the remaining half hour in their automobiles or homes listening to the radio.

At 8:30 p. m. Dude Martin and his gang are going to have a floor show beside regular dancing between 9 p. m. and 1 a. m. The price of admission at the door will

NILES STATION AGENT IS FOUND DEAD SUNDAY EVE

Funeral services were held the middle of this week from the Berge Mortuary at Niles for the late Val W. Dycus, 60, agent for the Western Pacific railroad at Niles who was found dead in the station house Sunday night by a crew from a fast Salt Lake city-Oakland passenger train.

When the approaching train whistled for clearance and the red stop signal did not change the crew stopped the train and walked to the station to investigate, where they found Dycus lying face-down in the doorway, supposedly the victim of a heart attack. The conductor of the train, E. D. Murphy of Redwood City, notified the coroner's office.

Dycus was a native of Kentucky and had lived in this Township nine years. He had served as W. P. agent at Irvington and as towerman here before becoming agent.

Survivors include his widow, Irah Mae Dycus two sons, Val Jr. and Daniel of Portola a daughter, Mrs. John Walker of Oakland; a stepson, Vincent Malley of Irvington and a step-daughter, Mrs. Robert Dukatnik of Niles.

enable you to witness the floor show, broadcast and spend the evening dancing. This orchestra has performed in the Township at the Niles Theatre, and several months ago at the Newark Pavilion.

BOYS DESERVE CREDIT

MISSION SAN JOSE — As usual the Mission is bringing up the rear. If it had not been for our pacifists, very young Americans the Mission would have been left out in the cold as far as the aluminum drive was concerned, but these youngsters, John Pat Reynolds, Richard Smith, Donald Betencourt and Billy Periera got busy and began to collect from every Tom, Dick and Harry, also to explore the tin can dumps to gather at least a few pieces. Then the rest of us got busy. But thanks to our little folks we were not left completely out. They will make good citizens all right.

ROSICRUCIANS MAKE GOLD, CREATE LIFE

(Special to The Register)

SAN JOSE — While blitz Krieg tactics blast into infinitesimal bits thousands of human lives on the battlefields of Europe, in a California laboratory successful attempts have been made by men to create particles of living matter.

Working with an alchemical formula over four centuries old Rosicrucian chemists in San Jose, have succeeded in transmuting inorganic salts into minute organisms.

Mrs. J. M. Guilfoyle of Robertson avenue Newark, who has just returned from the International Rosicrucian A. M. O. R. C. Convention held the latter part of July in San Jose states the announcement of the experiment was made to an assembly of six hundred persons attending the International conclave.

Prof. A. M. Whaley, Ph. D. in chemistry and Orval Graves Rosicrucian research librarian, using compound of silver nitrate, lead nitrate, and iron, chloride, in accordance with a translation from a formula from the works of Paracelsus, renowned mediaval physician and alchemist, were able to transmute the inorganic crystals into organic salts known as ether compounds. These salts contain the properties and characteristics of simple life and were immediately recognizable to the biologists who subjected the results to microscopic analysis.

Mrs. Guilfoyle states that Prof. Graves related that the greatest problem confronting the experimenters was the translation of the ancient alchemical writings, and symbols used to conceal truth in the Middle Ages, into an understandable formula.

Following the process established by the late F. Jollivet Castellet President of the Rose-Croix Societe Alchemique de France, using silver as a catalytic agent uniting antimony and arsenic, and subjecting them to extreme high temperature, the Rosicrucian researchers in the laboratories of the philosophic order were able to produce minute specks of gold.

The specimens were able to withstand the assayer's test, it is related Mrs. Guilfoyle admits however, that the experiment has no commercial value, but is important in disproving the old assumption that the alchemists dealt solely in fantasies. The alchemical experiments have been conducted as part of the researches of the Rose Croix University in San Jose.

HIGHWAY P. O. STARTS

The new traveling Highway Post office went into service early Monday morning on its daily run from San Francisco through Oakland to Pacific Grove, and return with many stops en route. Among the "ports of call" are Eden, Alvarado, Centerville, Irvington, Warm Springs and Milpitas. This new service gives the Niles Post-office seven incoming mails each weekday, according to Postmaster Ed Enos.

Margaret and Gladys Williamson went to the Ice Follies Tuesday night.

JUNIOR CHAMBER BACKS LEGION'S GUARD UNIT PLAN

The Niles Junior Chamber of Commerce moved unanimously, at its meeting Monday night at the City of Florence Restaurant, to sponsor the local Legion Post's undertaking to organize a California State Guard Unit in Washington Township.

Other matters taken up follow: Vernon Ellsworth was appointed to attend a Junior Chamber dinner at the Benjamin Franklin hotel in San Mateo, Thursday night.

President Ed Enos proposed organizing a Clearance Committee to be made up of one officer of each civic or service organization in Niles to be ready to function quickly on matters of public interest placed before it. The chair appointed Fred Duffie to contact the P. T. A., Ellsworth, the Senior Chamber, Lewis Lewis, the Fire Department, Walter Waynflete, the American Legion and himself, the Rotary club.

Lewis Lewis reported the recent aluminum drive brought 200 pounds of metal to the fire house at Niles and expressed thanks to the Boy Scout Troop here and to the fire for their help.

Secretary Duffie was instructed to write the Sacramento committee of the State Junior Chamber to ascertain what is holding up the State Highway Department's approval of the county engineer's plan for the flood drainage project here already approved by the Board of Supervisors and the Southern Pacific company.

DEFENSE BOND QUIZ

Q. In what denominations are Defense Savings Stamps available?
A. Ten cents, 25 cents, 50 cents, \$1, and \$5. An album is given free with first stamp purchase to mounts stamps of 25 cents up.

Q. In what denominations are Defense Savings Bonds available?
A. You can buy a Series E Bond for \$18.75, 37, 50, \$75, \$375, or \$750. The prices of Series F Bonds range from \$74 to \$7,400; Series G Bonds from \$100 to 10,000.

NOTE — To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association; or write to the Treasurer of the United States, Washington, D. C., for a mailorder form.

SLOW RECOVERY

Baby Diane Waynflete, whose two hands were seriously burned on July 26, is making a slow recovery at her parents' home in Niles. The attending surgeon believes the little one will have the use of her left hand within a week. She will be taken to Dr. Leo El-oesser, noted plastic surgeon in San Francisco, in a few days.

SIX DEER HANGING

By Friday night, the opening of deer season, the carcasses of two bucks were hanging in the ice vault of Berchem's Quality Meat Market at Niles. By Tuesday night four more animals had been added, proving the skill of Niles marksmen.

Coming Events

DECOTO MERCHANTS TROUNCE NEWARK BALL TEAM 11 TO 4

NEWARK — The Newark Merchants played their second game of the season Sunday against the Decoto Merchants, and failed to win their first game. Newark was leading in the ball game up to the sixth inning by a score of 4 to 3, but Decoto in the sixth scored 5 runs to cinch the game.

Newark scored 4 runs on 4 hits while Decoto scored 11 runs on 12 hits. Newark's hitting power for a group of young players up to the present time has not been any too good, while their fielding chances have not been much better. Manager Henry Nunes is very well pleased that the boys are interested in the game, and another few games will be good practice and experience for the men.

Decoto won on their heavy hitting toward the latter part of the game, aided by several errors made in the clutch by Newark ballplayers. B. Santiago, Bastida, and Gonzales each hit a double for the winners; Bastide hit a triple for Decoto, and Urrutia hit a home run for the winners. Winning pitcher was Dutra, while Fong, a new pitcher acquired by Newark, who pitched several innings, was the losing pitcher. Four pitchers, Dutra, Fong, Silvera, and Stewart worked on the mound for Newark.

If the baseball fans back their teams and root and cheer for them, and the Newark team can start hitting and playing better defense ball, Newark will have a team as strong as that of the team in 1933 to 1937, or even the Wedgewood club back in 1925.

The Newark Merchants will play their third game of the season Sunday with the Milpitas ball club at Milpitas.

NEW "RECRUIT" JOINS J. BATCHELER FAMILY

Lieutenant and Mrs. Jolly Batcheler of Camp Roberts, formerly of Niles, are announcing the advent of a new baby daughter, born Wednesday night of last week in the San Mateo hospital. The news is being conveyed to their many friends in this district by means of hand-blocked announcements headed "I'm in the Army Now". The little miss has been named Virginia Elizabeth and mother and babe are reported in "Class A-1." The grandmother, Mrs. Beulah Dahlman of Portland, Oregon has taken an apartment in San Mateo for a month to be with her daughter and the new "recruit".

This little miss is the first girl baby to be born in the Batcheler family for five generations.

Mr. and Mrs. J. C. Shinn have a new Ford Sedan.

ROAD IMPROVED

ALVARADO — A three mile stretch of the Alquire road between Valle Vista and Alvarado is being macadamized to make a 26-foot highway. The work is being done by an Oakland contractor under the supervision of the County Road department and should be finished about the first of October. Prior to the start of this work the old road has been under water following heavy rain storms.

DRUM, DRILL TEAMS PREPARE FOR SEPTEMBER 9TH

From Oregon to Mexico Native Sons and Native Daughters drill teams, drum corps and bugle corps are making ready for California's 91st birthday party. It will be held in Oakland on September 9th, under the auspices of the Native Sons of the Golden West and the Native Daughters of the Golden West.

Reason for this rousing activity according to Arnold Halstead and Marguerite Welsh, co-chairman of the Competitive Committee, is the fact that a recent communication sent to all Native Sons and Daughters Parlor in California promised the finest parade and competition in the history of the celebration.

"We have sponsored an Admission Day fete since 1875, Halstead said, "but the City of Oakland and Alameda County are assisting us in putting on the biggest and best one yet. Our official announcement calls for unit competition under parade conditions or Admission Day. This is a state championship contest and prizes and trophies will measure up to its importance."

BUY ELLSWORTH HOME

Mr. and Mrs. Thomas R. Kragen of San Francisco purchased the former Ellsworth house on the Niles-Mission San Jose highway some weeks ago, according to E. A. Ellsworth, local real estate broker. Mr. Kragen is a special agent with the Matson Navigation company in San Francisco and is a good friend of D. R. Rees, local druggist. Mr. Kragen purchased the home as a residence for his mother and sister and family.

Mr. and Mrs. Donald D'Amico spent the weekend at Yosemite.

Neighborhood NEWS

STOVE MOUNTERS PLAN DANCES, GAMES AUGUST 16 & 17

NEWARK — Six locals of the Stove Mounters Union, A. F. of L. are providing entertainment, a picnic two ball games and two dances Saturday and Sunday, August 16 and 17 at the Newark Pavilion, according to Joseph Lewis of Centerville, first international vice president of the Stove Mounters Union.

It will be their second annual dance of the Union's District Council and union music will be provided Saturday night by Elwood Hart and his orchestra.

The grounds will open Sunday morning at 10 a. m. and the days events will begin with a floor show from 12:30 to 2 o'clock, while the visitors enjoy their picnic lunches.

Then will come a double header softball game between the boys from Wedgewood and Occidental, the second between two local teams. Dancing to Hart's music will begin at 2 o'clock and continue until 5:30 p. m. The barbecue pit will be available for those who wish to use it. Tickets have been on sale for some time.

Bring the family and a picnic lunch and enjoy yourselves!

NEWARK MAN NOW IN SIGNAL CORPS

NEWARK — William Foster of Newark was recently appointed to the position of Quotations and Purchasing clerk with the Signal Corps Procurement District at the Presidio in San Francisco.

He was formerly employed in the office of Baker and Hamilton Hardware Company in San Francisco.

Ed Jausch and some friends are on a motor vacation trip through Canada.

WEST OF MARKET BOYS ENJOY SUNDAY PICNIC AT MISSION

MISSION The sixth annual picnic of the West of Market Boys from San Francisco was held at Linda Vista Park Sunday, August 3rd with over 2300 paid admissions. This is the largest picnic held this year at the park and a grand time was had by all till the wee small hours. James Flynn, president of the association gave a warm welcome to the members, their friends and families. Cliff Wixson was chairman of the affair while Louis J. Barbano was general chairman of refreshments and entertainment.

The program began at 10 o'clock with a softball game between two groups of the boys, the "Flying Comets" and the "Whizzing Stars". Races and contests of every kind took up most of the afternoon. There were prizes donated by hundreds of friends of the boys all the way from a persian rug down to cigars and candy. Dancing and eating finished out a long day for the fine crowd present.

FIREMEN'S DANCE IS BIG SUCCESS

NEWARK — About 1,000 people attended the twelfth annual Newark Firemen's dance held at the Newark Pavilion Saturday evening. This dance was given for the benefit of the volunteer Fire Department.

The dance committee consisting of Jake Springer, chairman; Joe Machado, John Wilson, Lawrence Costa, and Henry Fields wishes to thank all those who made the dance the financial success that it was. The committee would like to thank their brother fireman, fire commissioners, and others who helped them out in the refreshment stand. Union music was furnished by the Clinton Harmonians.

NILES CONGREGATIONAL CHURCH

Sunday August 10th 1941.
The Sacrament of the Lord's Supper will be partaken at the morning hour of fellowship and worship.

Remember the time for the morning service during August will be 10 o'clock, instead of eleven.

The theme for the Communion Meditation will be "God's Perfect Revealing."

We cordially invite you to observe this Sacrament with us.

C. E. ENJOYS PLUNGE

MISSION SAN JOSE — The Christian Endeavor society of the Centerville Presbyterian Church held an election for temporary secretary-treasurer last Monday evening at their regular meeting. Francis Hilton became the new officer and it was also decided to hold meetings on Tuesdays until school starts. Friday evening eight members of the society attended the rally at the First Church in Hayward and brought home the percentage banner. After the rally everyone went to the Hayward Plunge where they enjoyed swimming until 11 o'clock. Mr. Henry Adams accompanied the group which consisted of Luther Hudson, David Webster, Rangle Ura, Bert Justus, Francis Hilton, Carl Pierce and Mrs. Justus.

CHRISTIAN SCIENCE CHURCHES

"The fruit of the Spirit is in all goodness and righteousness and truth." These words from Ephesians comprise the Golden Text to be used Sunday, August 10, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Spirit." Included among the Scriptural selections will be: "Fear not, O land; be glad and rejoice: for the Lord will do great things. And ye shall know that I am the Lord your God, and none else: and my people shall never be ashamed" (Joel 2:21,27).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "The calm, strong currents of true spirituality, the manifestations of which are health, purity, and self-immolation must deepen human experience, until the beliefs of material existence are seen to be a bald imposition, and sin, disease, and death give everlasting place to the scientific demonstration of divine Spirit and to God's spiritual, perfect man" (p.99).

FAREWELL PARTY GIVEN FOR SOLDIER

IRVINGTON — A farewell party was given in honor of Lloyd Amaral Friday night by his many friends at Linda Vista Park prior to his leaving to be inducted into the army for selective service Tuesday morning. Among those present were Mrs. Rose Escobar, David and Anna Mae Escobar, Abel Vargus, Leslie Callahan, Mr. and Mrs. Floyd Witherly, all of Mission San Jose; Lonnie Furtado, Bud Amaral, Lloyd Amaral, Mrs. Ben Mozzetti, Arnold and Gertrude Mozzetti, Vernon Leal, Bonnie George, Leona and Esther Goularte, Lawrence Houck, Curt Vaughn, Howard Weimer, Elsie and Charles Beresini, Joe and Ann Perry, and Dorothy Freitas all of Irvington; and Stanley Rogers of Centerville.

After a picnic lunch was enjoyed dancing took up the greater part of the evening.

MANY DEER KILLED

SAN FRANCISCO — A total of 208 deer tags had been forwarded to the Fish and Game Division's San Francisco office by August 2. This does not take into consideration the first weekend of the season, when the majority of hunters would be out.

Mendocino County is in the lead, as usual, of those counties now open to hunting with a report of 32 deer taken on the first two days of the season.

Miss Patsy Mohn of Niles, accompanied by friends, and Mrs. Sam Anderson, left for Oregon last Thursday. They are expected home Saturday.

Mr. and Mrs. Joe Zwissig and family moved to their new home in Pine Court, Hayward last Friday.

Native Sons And Daughters Parlors To Install Aug. 13

IRVINGTON — Betsy Ross Parlor, N. D. G. W. and Washington Parlor, N. S. G. W. will hold their joint Installation at Anderson's Hall, Centerville on Wednesday evening, August 13. The ceremonies are open to the public. Installing officers will be Supervising Deputy Kathleen Dombrink of Piedmont Parlor of Oakland for the Native Daughters and Deputy Les Ashworth of Estudillo Parlor, San Leandro for the Native Sons.

Officers to be installed are — Native Daughters President, Constance Amaral; 1st Vice President, Evelyn Peixoto; 2nd Vice President, Matilda Enos; 3rd Vice President, Mary Dias, Recording Secretary, Roumilda Rose; Financial Secretary, Evelyn Garcia; Treasurer, Isabel Ferry; Marshall, Minnie Castelhano, Trustees Mary Freitas, Marie Williams, Ida Francis, Organist Olive Silva; Inside Sentinel, Florence Medeiros; Outside Sentinel, Martha Faria; Past President Leotina Leal. Junior Past President Lucille Correia will be presented with a Past President's pin.

Native Sons — President, Harold Garcia; 1st Vice President, Ed Vier ra; 2nd Vice President, Ralph Brown, 3rd Vice President, Kenneth Ferry; Marshall, Tom Silva Jr., Trustee E. M. Stevenson; Recording Secretary, Allen Norris, Financial Secretary M. P. Mathiesen, Treasurer, Frank Dusterberry; Inside Sentinel, Joe Duarte; Outside Sentinel, Manuel Azevedo.

Refreshments will be served after the installation ceremonies. Committee for the evening consists of Chairman Evelyn Garcia, Mary Dias, Marie Williams, Mary Silva and Isabel Ferry.

In accordance with the custom of the Parlor, Ruth Dutra of Newark was presented with a Silver Baby Spoon engraved with the birth-date of the baby. Mrs. Dutra is the proud mother of a baby girl.

The Barbecue held at Alum Rock Park August 5 was a great success and it is the intention of the Parlor to make this an annual affair. The committee in charge of the barbecue included Chairman Olive Silva, Constance Amaral, Ida Francis and Marie Perry.

PICNIC AND DANCE

NEWARK — The Stove Krafts of the Bay Area are now making final arrangements for their dance and picnic to be held Saturday evening August 16 and Sunday August 17 at the Newark Pavilion. Union Music for dancing will be furnished. On Sunday morning the two rival stove plants in Washington Township, Wedgewood of Newark and Occidental of Irvington will clash in a softball game. Barbecue pits will be available. There will be other activities during the day.

SPORTSWOMEN'S DANCE

RETURNING TO NILES

Mr. and Mrs. Al Corey, newlyweds, are expected home this week from a honeymoon spent in Yosemite Valley, to occupy their home on I street in Niles. They were married in Reno ten days ago. She was the former Mrs. Lillian Griffith and was in charge of the Niles Grammar school cafeteria. Corey is employed by E. E. Dias, local contractor, and has been in his service many years.

DECOTO GROUP STUDIES "BLOOD, SWEAT & TEARS"

DECOTO — The Decoto Discussion Group met for its August meeting on Friday, August 1, at twelve o'clock at the home of Mrs. Helen Brown. A delicious desert course of chiffon pie, coffee and cheese was served after which the leader, Mrs. Frances Mara took charge of the meeting which was a study of Blood, Sweat and Tears, by Winston Churchill. Mrs. Mara had made a very careful preparation for the meeting and was very successful in evaluating the orations through reports and discussion by the members, as to timeliness, fundamental truths, and literary value.

A special meeting at the home of Mrs. Mara was arranged at this time for the purpose of planning the program for next year.

The next meeting will be the annual study of the Opera in charge of Mrs. Peggy Whipple and will be held at the home of Miss Cecilia Janeiro. An September 5.

Mrs. Childs of Decoto, Miss Mary Barmby, Alameda County Librarian, and Miss Myrtle Handling of San Leandro were guests.

Mr. and Mrs. Walter Avilla entertained Mrs. Myrtle Handling of San Leandro, sister of Mrs. Avilla, over the weekend.

San Francisco Bay area will need 50,000 more workers in national defense industries by next March.

Charming Wedding Unites Couple At Mission on Saturday

MISSION A very charming and beautiful wedding took place in the Mission on Saturday afternoon at the Palmdale Estate of Mr. and Mrs. Oscar Link Starr when their niece, Miss June Starr Wood of Alameda and Mr. John Francis Hanley were united in marriage by the Reverend Gail Cleland of Alameda.

The wedding, which took place under a huge Cypress over three hundred years old, was made all the more impressive because of the exquisite arrangements of gorgeous flowers through the garden. Large urns of snap dragons and bouvardia were the central theme with various other beautiful arrangements to finish out the picture.

The bride was very beautifully gowned in a lovely silk lace over white satin. The full skirted gown was trimmed with rosettes of the same fine lace as was her bridal veil, which was three quarter length as well as the tiny cap fastened to her coiffure. She carried a formal bouquet of white orchids and bouvardia tied with tiny narrow ribbon bows. About her neck was a string of matched pearls.

Her Matron-of-honor was Mrs. Donald Smith of Seattle who wore a blue bella donna gown, large picture hat of the same color and carried pink begonias.

Miss Lillian Ohlson of San Leandro and Miss Evelyn Hanley, sister of the groom were bridesmaids, becomingly gowned in shell pink lace, picture hats and blue delphiniums carried as bouquets.

Mr. William Fridon, San Franciscan, was best man and John Clark and Lowell Dugan of Alameda were the ushers.

The wedding reception and supper took place in the garden where the guests were served buffet style. The table, eighteen feet long was all white with crystal candelabra at either end, while in the center, surrounded by lovely white

flowers, stood a marvelous wedding cake.

The young couple left for a honeymoon through Oregon and the northwest and will be at home to their many friends in Alameda where they will take an apartment. They were school chums, attending Alameda High and later Mrs. Hanley attended U. C.

Mr. Hanley is employed at the Crocker National Bank in San Francisco. He is the son of Mrs. F. S. Norton of Alameda.

NILES REBEKAHS TO INITIATE NEXT FRIDAY EVE

The next regular meeting of the Niles Rebekah Lodge will be held Friday evening, August 16th. The meeting will start promptly at 8 p. m.

A short business meeting will be followed by initiatory ceremonies which will be held for a class of candidates according to Jenny Mohn Noble Grand.

Fern Mitte has charge of the decorations. Annabelle McGraw has charge of refreshments. Guests will be present from Livermore, Pleasanton, Alvarado and Hayward.

Ruth Mitchell, District Deputy President of District number 53 will pay the lodge an official visit that night and will be the honored guest.

WORTHY MATRON'S VISIT

HAYWARD — Tonight (Friday) four chapters of the Order of Eastern Stars will hold a joint meeting to receive the official visit of the worthy grand matron, Gertrude Conant. Chapters participating will include Hayward, Orient Chapter of Centerville, San Leandro and Elmhurst. Mrs. Marjorie Webb, worthy matron of Orient Chapter was expected to return last evening from Yosemite to conduct a practice meeting of the Orient Chapter.

Fall services began last Sunday morning in the Niles Congregational church at Niles.

BETTER LIGHT for BETTER SIGHT AT HOME!

In most cases of eye-strain or early need for glasses, the lighting at home by which the student works at night has been the chief provoking factor.

By all means look to your home lighting under which your children study. If you answer "yes" to these questions, your home lighting is faulty: Are frowns and scowls apparent? Are any bare lamp bulbs glaring out from beneath fixture bowl or lamp shade? Is the lamp on the study table short and squatty so that it stands in a little pool of light? The light upon the study table should be diffused generously over the entire working space. There should be a well-selected ceiling fixture to provide lighting over the whole room.

Good lighting at home is a MOST important item in your child's back-to-school equipment. It is one of the least expensive items, too. When children have Better Light for Better Study, better grades invariably follow.

WHALING ACTIVITIES

An average of one whale per day is being handled at the Eureka Whaling Station according to the Eureka Office of the National Automobile Club. It is sometimes difficult for motorists to see this operation as the hour of the day when the whale is brought in varies. However, local inquiry will reveal whether or not it is worth while to plan to visit the Whaling Station.

MASONIC HOME NEWS

By J. H. HEATH

Members of the Masonic Home in attendance upon the Sunday afternoon religious service were pleased to note the way Supt. Eubanks and Matron Virginia Lord solved the problem of holding the congregation until the arrival of Rev. R. C. Day, pastor of the Niles Congregational Church, to take over an "eleventh hour" engagement in the message.

At 2-15, the announcement time for starting the service, no minister had showed up. Matron Lord asked Mrs. Edith Walters, organist, to play a few selections on the piano. Mrs. Walters continued in leading the community singing and had just started a "request program" when Supt. Eubanks escorted Rev. Day to the Lynch pulpit. Rev. Day explained that, the speaker slated to conduct the service was not present and he had responded to Supt. Eubanks' request as substitute. This he did with credit. The regular program of songs selected by Matron Lord, Choir leader, were sung and the service was held.

Matron Lord had made her selections for the rendition of song service with herself as soloist, in which capacity she had served at the morning service of Reverend Day's Church.

W. H. (Bill) Engle, Pentalfa Lodge, No. 202 Los Angeles, is credited with doing a good deal in keeping the thousands of members of Scot-Rite bodies in touch with the activities of the Decoto Home. This he does by securing publication of pictures and other matters in the new age, official organ of Scottish Rite Bodies all of whom, receive copies of the publication.

Photography being more or less of a hobby with Bro. Engle the pictures he sends. The Age are taken by himself. A recent composite picture contributed by him shows two interior views of the main stairway and one exterior view at the main entrance of the Decoto home with pleasing effect.

According to report Supt. Eubanks met with a happy surprise on the occasion of the visit to the home of his San Mateo Masonic Lodge of which he is a past master. The visiting delegation totaled 75 while 48 local masons were present for the degree work in Siminoff temple. All of which meant that the committee in charge was shy of refreshments.

This is moving week for the Masonic Home News Reporter. Since February 5, 1935, the paper has been issued in collaboration with the Niles Township Register and other publications, in room 210-East wing. New Headquarters are in Room 229 North Wing. In passing, the Editor notes that on the date of his arrival with the

Junior Past Master Edwin H. Schlink of his Santa Maria Lodge, No. 580, Ramona, that all of the 16 rooms of that wing were occupied. There have been many removals by death and otherwise but at this writing six of the "old timers" remain as follows: U. S. Wood and Almeron Crandall, Now Convalescing in the hospital, Bentley, "Chris" and Watkins.

In the North Wing of the same floor (capacity 27 rooms) he finds the following 15 1935ers, Martin, Schliting, Archer, Quilty, Standeford, Haupt, McRea, Chas. L. Beal, Closson, Dinesen, Travelli, Bly, Corson, Ernst, McLain, and "Bill" Myers.

Death has beckoned Capt. John William Welton, 77, Mission Lodge No. 169, San Francisco, a resident of the Masonic home the past two years. Before its sale to the President Company, Capt. Welton served the Dollar Steamship Company as a Chief Engineer for 38 years. He was born at Newcastle-on-Tyne, England. He became a Mason when 21 years of age, giving him the honor of wearing a 50 year button, issued by the California Jurisdiction. He had visited many of the foreign ports.

While at the home he interested friends with stories of his experiences at sea. He was a man of powerful physical build and bearing. At the Rites conducted by Mission Lodge, the floral offerings included a number from the former Dollar Line Steamship officials. Jack Edmund Hirsch, Senior Warden of Mission Lodge was in charge of the service. A delegation from the Home, headed by Supt. J. R. Eubanks, attended. Matron Virginia Lord sang two solos, "Abide With Me" and "Crossing The Bar". Cremation followed. The ashes are to be spread over the bay from the Golden Gate Bridge.

NEWARK

Eugene Pashote
Correspondent

Chief Joe Pashote and the Newark Fire Commissioners spent Sunday at Oakland looking over some new fire fighting equipment, which is being built by the Van Pelt Company. The Newark Fire Department is now planning to buy a new piece of fire fighting equipment to replace their old 1913 Chemical truck, the oldest piece of fire fighting equipment in Washington Township today.

Mr. and Mrs. James Dias spent Saturday at Napa visiting Mr. and Mrs. Melvin Vargus. Private Melvin Vargus of Newark and James Dias spent the day deer hunting nearby Napa.

Two large deer were shot by Newark men on opening day, August 1, according to R. A. Jolly, who issues licenses for deer hunting. Louis Calderia shot a 115 pound deer in the Livermore hills near Calaveras Dam and J. W. Darneal shot a 150 pound four pointer near the Big Basin.

The Stove Mounters and Council held a dinner and a business meeting at Butlers Hotel Friday evening.

George and Ernie Marshall of Newark and Al Jolliff of Niles spent Sunday at Mt. Hamilton deer hunting.

Arrangements are now being made for the annual Haywire dance to be held Saturday evening September 6 at the Newark Pavilion. Union music will be furnished by Oliver Campos and his orchestra. There will be numerous attractions.

Joe Silva of Newark is improving at the San Jose Hospital after a recent appendicitis operation.

At a recent meeting of the Newark Sportswomen's Club it was announced that their dance will be held Saturday evening, September 13 at the Newark Pavilion. Jack Buckingham and his famous orchestra will furnish the music. Mrs. Ora Raber is general chairman.

Tom Slankord and son Bobby of San Luis Obispo spent the week end visiting Mr. and Mrs. E. H. Frick.

Mervin Neves, Edward Smith, John Lemos, and John Valles attended the Oakland-Portland Pacific Coast League baseball game at the Oakland ballpark on Sunday.

Private Arthur Martin of Fort Ord spent the weekend here visiting his mother, Mrs. H. Martin on Locust street.

Louis Calderia and Joe Calderia spent Friday, opening day, deer hunting at Joe Ferry's ranch at Calaveras. Calderia shot a 115 pound deer, weighing 76 pounds dressed.

Mrs. W. J. Gould entertained at dinner Thursday evening, Mr. and Mrs. Jack Deane of Mt. Hamilton and Marie Rose Deane of Walnut Creek.

Fred Green and Frank Neviss spent Sunday deer hunting at Calaveras.

The Newark Sportsmens bowling team won three games in the 775 league at the Hayward Bowling Alley, Monday evening to continue as the leading team in the league. Stanley Majeski, a member of the Newark club is the high point man in the league today.

The Newark Sportsmens free dance scheduled for Saturday evening, August 23 has been cancelled until a future date.

Mr. and Mrs. James McCullough spent Sunday fishing at Half Moon Bay.

The Newark Boy Scouts attended a swimming party Monday evening at the Hayward Plunge.

Mrs. Mary Texeria, Mrs. Lena Bertolotti, and Mrs. Emma Collins attended a kitty party of the Women of the Moose publicity committee, Mary Avery and the Senior Regent, Olive Gergenson held at the home of Mrs. Avery, Wednesday evening at San Jose. About twenty-four were present. Games were played and refreshments were served.

Reverend and Mrs. Paul H. Fuller of Chicago, Illinois spent several days here this week visiting friends at Newark. Mrs. Fuller is the daughter of Mrs. Margaret Mathews and both were former residents of Newark.

John Pauly, formerly of Newark, returned to his home in Newark this week, after spending seven months working at Luning, Nevada.

Frank Veit, Sam Scott, John Amaral and Arthur Cotton, Newark delegates of the Washington Township American Legion will attend the State Legion convention Monday, August 11 through Wednesday, August 13 at Sacramento. Delegates are to register Sunday August 10.

Mr. and Mrs. Arthur Biddle are spending a two weeks vacation in the High Sierras.

Mr. and Mrs. Willbur Williams, who were recently married at Reno, moved to the Collins home in Newark on the corner of Dairy and Mulberry street this week.

Emily Leal is improving after having her tonsils removed recently.

Mr. and Mrs. Fred Dittman spent Sunday fishing at Sycamore Park. Mr. and Mrs. S. D. Peterson of Birch road returned home this week from the University of California hospital, after a recent operation.

Mrs. Julia Cull and son William Harold returned Sunday from a weeks vacation at Richmond.

COUNTY RECEIVES GAS TAX MONIES

State Controller Harry B. Riley today apportioned \$284,000 of gasoline tax revenue to Alameda County as its share of the \$13,414,447 record distribution for the quarter which ended June 30.

Riley gave the counties \$4,471,482 on the basis of motor vehicle registration. This county's share was based on a vehicle registration of 205,487. The balance of \$8,942,965 was deposited in the State Highway Fund.

CALIFORNIA TOPS U. S. IN NUMBER OF PILOTS

SAN FRANCISCO — Mirroring California's leadership in aircraft production, this state continues to head the entire nation in airplane pilots, the Aircraft Information Bureau reported today.

Latest figures from the Civil Aeronautics Administration show that on July 1, California had 9965 certificated pilots. Second on the list was New York with 5765 pilots. The number of California pilots showed a 71 per cent increase over July 1, 1940. This state also had the largest number of certificated aircraft — a total of 2174.

CAR MATERIAL CHANGES WON'T AFFECT QUALITY

DEARBORN — There will be no reduction in the quality of cars built by the Ford Motor Company, regardless of changes in specifications made necessary by restriction in the use of certain metals essential to the defense program, according to R. H. McCarroll, Ford metallurgist.

Probabilities are that the weight of the cars will be increased slightly but this increase will not be large enough to affect gasoline economy in the slightest. The increase in weight will be less than five pounds in the case of the Ford and Mercury cars and not more than 20 pounds in the Lincoln cars.

The only other affect of the changed design will be that the cars will cost somewhat more to produce. Mr. McCarroll cited, for example, the carburetor bowl, which now is a zinc die casting. This will be changed to cast iron. While zinc is a good deal more expensive than iron, the iron carburetor bowl will cost more than the zinc die casting because its production will involve considerably more labor. The additional machining cost, in other words, more than offsets the lower material cost, and in this case it also adds weight.

Elimination of nickel in the steel used for valves would reduce the "hot strength" of the valves, were it not for the fact that the design has been changed. The change adds slightly to the weight of the valve.

"The thing I want to stress is that we very definitely will not build an 'ersatz' car made up of inferior materials. The cars will cost us slightly more to build and will be slightly heavier, but the owner would never know the difference as far as performance and operation of his car are concerned," Mr. McCarroll said.

The Chinese Press, San Francisco, is the only English language Chinese newspaper in America.

BLUFFING PERIOD MAY BE PAST

This country signed a treaty with Japan in 1854 that proclaimed: "There shall be perfect, permanent and universal peace between the two countries."

A lot of water has run under the bridge since then. And a succession of polite insults from the Far East has been turned by a series of bluffs from the Far West.

It was no bluff when Japan moved further on the continent. Nor when the President froze Japanese credits here. With that action, Los Angeles prepared to lose her best customer, for Japanese trade is worth approximately 45 million dollars annually to business firms of the city. San Francisco squared off to meet the shock of comparable losses. Oil companies, possibly hit the hardest began looking around for possible customers for their average two-million-barrels-per-month shipments to Japan. The largest Japanese colony outside the Orient waited in shocked silence, in Los Angeles. Many doors were closed. Shipping companies, banks, importers and exporters faced collapse and ruin. The magnitude of expected losses was staggering and the tenseness showed in a thousand places.

Then, from leaders whose observations are worth recording, came two statements that tell their own story and preach their own sermons. Said George Gongo Nakamura, respected president of the Central Japanese Association of 21 Japanese civic organizations in Southern California: "We Japanese older people have faith in America and confidence that it stands for liberty and justice for all. We are rearing our children to be good Americans and we give full support and cooperation to America at this time."

Said the head of a big oil concern, speaking as an American Businessman: "This means a complete stoppage of a big percentage of our cash business. We'll just have to back up our stock and conform. After all, America's welfare is more important than any individual losses, no matter how great."

Our "perfect peace" with Japan may be seriously threatened. Our 87 year bluffing period may be past. But the important thing to know is that whatever comes, there's unity and help and a willingness to sacrifice where it's needed most—among the folks here at home.

The spirit of a person's life is ever shedding some power, just as a flower is steadily bestowing fragrance upon the air.
—Thomas Starr King

THE CHEERFUL GIVER

"There is convincing evidence," reports the burden (the new \$3,500,000,000 defense tax bill) will House and Ways and Means Committee, "that this be borne cheerfully in the light of the overwhelming importance of national defense to the continued freedom and security of the United States."

That, with few exceptions, is doubtless true. In defense of liberty, the American people, now as always are willing to pay dearly and cheerfully. But if Congress would do its duty and lop off a billion or so of nonsensical, non-essential, non-defense expenditures, so that we could feel the politicians were willing to give a little too—we would all give until it hurt and be downright glad to do so.

The folks back home are cheerful givers all right. But how about the boys in Washington? We think the House Ways and Means Committee owes us an answer.

"NEW ENGLAND'S EIGHT MILLION YANKEES"

This month the editors of the March of Time focus their cameras upon the six states of New England—closest of all the United States to the battlefronts of Europe and the Atlantic.

The film shows how New Englanders are already preparing in earnest for the war that seems to them so real and so close—and how the government is spending its allotment of five billion dollars for the current fiscal year, in making this rich and highly industrialized region invasion-proof.

Going into New England's great historical background, it shows how today's conflict is but a continuation of New England's long, historical struggle for freedom, beginning with the little bands of pioneers who three-hundred years ago came to the new world because they believed freedom a brave new principle, worth fighting for.

Based on this principle, the picture shows, is the whole culture and civilization of the New England that has emerged in the years since Plymouth Rock. Through the March of Time cameras, the New England way of life is summarized in the quiet existence of a typical small town, Exeter New Hampshire.

Recreated on the screen in faithful detail, and in all its tranquil charm, is the American small town, its industries, its shops, its citizens from all walks of life, its recreation, its government and its churches.

And the March of Time shows this ageless life of New England once more interrupted by war, as New Englanders step into the vanguard of the millions of Americans determined to stop Adolph Hitler.

It shows the Yankee Division of the last war reborn and reconstituted in this one. It shows shipyards once busy turning out clipper ships for the India trade, rushing war vessels to completion at top speed. And finally it shows New England as a vast reservoir of skilled manpower—a mighty industrialized region, binding all its united energies to the one task of defense—to preserve the freedom won in battle and toil by the men who through three hundred years have made and kept New England great.

This picture will be shown Sunday and Monday at the Niles Theatre.

Planets do not govern the soul, or guide the destinies of men, but trifles, lighter than straws, are levers in the building up of character.

NO HYPHENATED AMERICANS

There is a mounting surge of patriotism in the land, born of war conditions abroad and the national emergency at home. As a result, new patriotic organizations are budding into life—and men and women of foreign birth, descent, who are grateful to the country of their adoption, are taking occasion to make public avowal of their loyalty to the American Flag. Last week, for example, dispatches from New York reported the founding by prominent educators, labor leaders and writers of an organization known as the Loyal Americans of German Descent, which plans to rally citizens of German ancestry to an all-out defense of American democracy.

We don't know whether it is necessary to form associations of Loyal Americans of German Descent, or Loyal Americans of Italian Descent—any more than we should form a society of Loyal Americans of British or Dutch Descent. But we are not opposed to any society anyone may form which gives its members a chance to renew their oath of allegiance to the United States, for we can ill afford, during this period of ing to justify a divided loyalty. But somehow we like emergency, to harbor any hyphenated Americans, try the name of that new California-born organization, "Americans United". That makes room for all of us.

The good man imparts knowingly and unknowingly goodness; but the evil man also exhales consciously his evil nature—hence, be careful of your company.
—Mary Baker Eddy

DON'T SIGN HERE!

As a checkrein on labor excesses which have put emery dust in the wheels of production and unwarranted strike losses, the State Legislature, at its recent session, enacted a bill prohibiting the use of the extra-legal secondary boycott during the period of the national emergency.

"Hot cargo", or the secondary boycott, it might be mentioned is the scattergun strike weapon which puts the innocent bystander in the middle in labor disputes—and penalizes the man who has no dispute with his employees, just to get at the fellow who has.

If there was ever any excuse for this type of squeeze play, certainly there can't be today when the whole nation, from the President down to the lowliest taxpayer, is struggling to build a storm-cellar before the tornado of war sweeps across the seas.

Petitions are now in circulation to prevent the Legislature's anti-"hot cargo" enactment from becoming law and to delay its operation for more than another year. What happens to American production during that year apparently is of little consequence to the petition circulators; what happens to America comes first. It must come first. In this instance, read before you sign. When the glib solicitor presents his petition, "don't sign here!" California can't afford it.

A word or a nod from the good, has more weight than the eloquent speeches of others.
—Plutarch

Forming characters! Whose—our own or others?—Both. And in that momentous fact lies the peril and responsibility of our existence.
—Elihu Buritt

10 REASONS WHY:

"I WANT TO LIVE IN OLD ADOBE VILLAGE"

- (1) It is the only fully developed new home center in Southern Alameda County.
- (2) Half and quarter-acre sites give plenty of room for "Home Orchard" and garden.
- (3) The atmosphere is congenial . . . good neighbors.
- (4) Beautifully situated to afford a magnificent view of Mission Peak and surrounding foothills.
- (5) Healthful climate.
- (6) Fully paved avenues, public utilities, and complete fire protection.
- (7) Reasonable prices . . . no assessments.
- (8) Risk-free investment. Every dollar protected by sensible restrictions.
- (9) Fully approved for low cost, long term F.H.A. home loans.
- (10) Park-like surroundings. Planned right in every detail . . . the quality development of this area!

DAZZLING ICE REVUE FEATURES ICE FOLLIES

The beauties of grace and rhythm, blended with skill and masterful showmanship, are being unfolded nightly by the Ice Follies of 1941, at Winterland San Francisco.

Different from a stage production because the entire ice rink is the stage and different completely from last year's sensational show, the new Ice Follies has attracted capacity audiences since its San Francisco opening this year.

The dazzling ice revue first appeared in the Bay area two years ago, when 400,000 persons saw it during a period of seventeen weeks an all-time box-office record. A similar number of people saw it last year. Just returned from a triumphant tour of the East, the new Ice Follies records show more than 1,500,000 attendance in the past year.

Most elaborate production feature is the "Moonlight Vision", which introduces the 1941 edition of the ice extravaganza.

Costumed in semi-transparent hoop skirts, the number has a modern atmosphere and yet is an ideal opening built around flowing rhythm and easy grace. Using large meteorological balloons, the girls cover the entire ice surface with delicate patterns and thrilling formations as the Moonlight Vision progresses. It is skated to the music of "Waltzing with a Moonbeam", written especially for Ice Follies of 1941 by Stanley Cowan and Bobby Worth, youthful Hollywood song writers. This is the first time in figure-skating history that the music for a group number was written to the routine rather than having the routine patterned to fit stock music. A special arrangement of the music for orchestra was made by George Hackett of Hollywood.

Featured as a specialty within the Moonlight Vision episode are Valerie and Jenna. Costumed as Romeo and Juliet, the two graceful girls glide smoothly between ever changing formations of the 24 Ice Follies as they do an expert double. Valerie Fink has been featured in previous editions of the "world's greatest musical revue on ice" while Jenna Schulte is a comparative newcomer, having joined the troupe a year ago.

CALIFORNIA STATE FAIR TO REVEAL PROGRESS PANORAMA

(Special to the Register)
SACRAMENTO — A panorama of progress in educational methods from colonial days to the present will be spread before the 800,000 visitors expected at the 87th annual California State fair, opening August 29 in Sacramento, it was announced today.

More than 10,000 exhibits will be presented in the Education Building and school children will present daily programs in the little theatre of the building.

In the Education Building, huge animated dioramas will dramatically contrast early American teaching methods with classes in a modern school equipped to train students for trades, and defense industries of the modern machine age.

Boys and Girls of the state 4-H clubs and the Future Farmers of America will exhibit their achievements in agriculture, horticulture and with livestock in the junior division. Their animals will form an important section of the colorful \$2,000,000 livestock parade.

BLUE STAMPS MAY STILL BE USED TO BUY PORK

Meat market operators and food stamp users of the Bay Counties here were scratching their collective heads today wondering what to do with some few hundred dollars worth of credit slips which had been issued for future purchases of pork meats and lard.

The meat of the problem lies in the fact that the federal government eliminated pork products from the blue stamp food list as of August 1. Prior to that time stamp users who presented their blue stamps to meat markets for pork received a credit slip instead of cash change (giving cash change is contrary to the regulations of the food stamp plan) when the purchase price of the pork was less than the 25 cents face value of the blue food stamps.

Now, with pork meats and lard off the list and hundreds of dollars of blue stamp credit slips in the hands of the stamp users, the question is—what to do?

K. C. May, area supervisor of the Surplus Marketing Administration, supplied the answer today when he announced that outstanding blue stamp credit slips issued prior to August 1, can be accepted by meat markets in exchange for pork products as previously defined until all such slips have been redeemed by meat dealers.

It was pointed out that orange food stamps, which public assistance families purchase in order to participate in the plan and secure free blue food stamps, can always be exchanged for pork or any other meats served in the home.

ALAMEDA COUNTY CONTINUES UPSWING IN HOME BUILDING

More homes were built under FHA inspection in Northern California the first half of this year than during any period since insured mortgages were made available through local lending institutions, it was announced by the district office of the Federal Housing Administration.

That the local home building definitely is on the upswing is shown by the fact that houses built in Alameda county during the first six months of 1941 leaped to a total five percent greater than in the same months last year, when residential construction in this area soared to an all-time high.

From January through June, FHA reports having selected for appraisal mortgages amounting to \$9,992,350 on 2080 homes in Alameda county, of which 1579 amounting to \$7,668,350 represent new houses built under FHA inspection and construction requirements.

This was said to bring the total for the county, since the first mortgage was insured in 1935, to 19,967 mortgages amounting to \$90,084, 132 of that number, 5768 are newly constructed houses, on which mortgages selected reach a total of \$43,204,410.

Boys and Girls representing more than 100 California High Schools will compete in classes in the Educational department at the California State Fair, August 29 through September 7, at Sacramento.

U. S. O. NEARING QUOTA; PREPARES CLUBS AT CAMPS

SAN FRANCISCO — (Special to The Register) — Six active club units were added last week to the 29 already established in the eighth region by United Service Organization for recreation, education, spiritual and social benefit of America's defenders, according to an announcement by J. Henry Lang, USO regional director.

Retraining from a conference of all regional directors in New York, Lang said that the USO was quick to prepare for service to troops in Iceland, cooperating with the Canadian War Services.

President Sibley also announced that to date \$9,556,000 has been officially reported as raised throughout the country and that the full \$10,765,000 asked for the soldier-sailor welfare program undoubtedly will be subscribed by the end of July.

Director Lang declared the possibility of large additional selective enrollments will involve increased facilities for the USO program and that national USO is definitely resolved to meet the whole new situation, which will mean expenditure of approximately \$2,000,000 above the original estimates.

The added USO units now active in California include Camp San Luis obispo, seven; Camp Roberts six; Fort Ord-Camp McQuaide, six; San Diego, LaJolla and vicinity, four; Riverside area, two; San Francisco area, two; Vallejo-Mare Island, one; Inglewood-Burbank, one.

The Government has appropriated and is now using \$15,000,000 to construct service clubs at 360 points throughout the United States and near overseas bases. The USO, in a campaign which is now coming to a close, is raising \$10,765,000 to staff and operate the clubs.

CREDIT GROUPS ENJOY EXTENSIVE LOAN BUSINESS

HAYWARD — Alameda and Contra Costa County farmers and stockmen shared in the two billion dollars which production credit associations throughout the United States have disbursed since their organization in 1934. The Hayward Production Credit Association from January first to July first, 1941 reached an all time high for the first six months of any year according to Thomas Orloff, President. Reporting \$280,406 loaned since January of this year, Mr. Orloff said a large share of it went to finance the seasonal operations of local farmers. The 1940 figure for the same period was \$256,867. He attributed much of this increase to farmers' greater production of those farm commodities which are needed for the National Defense Program.

Reports from Production credit associations all over the United States show a similar increase, with the result that last week the two billionth dollar was loaned to Martin Paulson of Newton, Iowa. In August of 1938 the billionth dollar was loaned to John R. Rowe, Davis, California, by the Woodland Production Credit Association.

Since the Hayward association was organized by farmers, it has loaned \$4,756,300 to finance livestock and general farming operations in Alameda and Contra Costa counties. Officers and directors of this credit cooperative are: Thomas Orloff, Joe M. Rose, Jr., C. H. Bonnickson, Ralph D. Bollman, W. J. Van Heeckeren, and J. S. Haines.

REMOVES TURN HAZARD

In turning around on a rural road, there is one preventive step against getting stuck, declares the Public Safety Department of the National Automobile Club. That involves, simply, seeing that if one pair of wheels must get off the pavement, the front two are selected. They have nothing to do with driving the car, and if they should get stuck, the rear wheels can usually pull them out.

ment force of sufficient numbers of all types of airplanes to engage any potential enemy — a program which will include heavy and medium bombers for long-range operations and light bombers (including the divers) for attack purposes and special missions.

From the very start of the European war there has been a great deal of popular misunderstanding about the uses and value of dive bombers. These ships are highly specialized airplanes which have proved effective against moving targets, especially when defenses are not thoroughly organized, but they can't win a war against a well organized enemy. And they lose their value when sent against strongly protected cities, as the Nazis discovered to their sorrow when they tried to use fleets of slow, lumbering Ju. 87 Stukas—which had been so effective in Poland, Norway and Belgium — against the RAF-guarded citadel of London.

For our money, the U. S. Air Corps has shown excellent judgment in hewing to its program of building a well-balanced air force, undaunted by an occasional "popular" outcry for concentration on this or that type of warplane, at the expense of all other types.

Take the case of the dive bomber. Hitler's Stukas have electrified the world in certain phases of the European conflict. As a result, certain American critics, more articulate than they are well informed, have been demanding that we drop everything else and build a tremendous fleet of dive bombers. To strengthen their point, these critics insist that our Air Corps hasn't any dive bombers at all, a claim which is 100 per cent incorrect.

As a matter of fact, the Air Corps does have a dive bomber — and a mighty efficient one — produced right here in California. Announced the other day was the initial delivery of Douglas A-24s — low-wing, all-metal monoplanes with retractable landing gears, diving brakes and 1800-horsepower engines which will certainly outstake anything Goering has been able to pull out of his hat.

So, far from ignoring this type of plane, the Air Corps not only is getting a fleet of high-performance dive bombers but is planning to equip one complete combat command and part of another with the ships.

But that A-24 is designed to supplement the Air Corps development of a well rounded bombard-

OR she may be an uncertain Bride-to-Be...uncertain as to the best way and the smart way to break the good news.

Well, that's where we come in...with our little Bride's Book... famous these many years as the one best source of what a prospective bride should know.

With it, she is just sure to do the right thing about announcing her wedding, saying "Thank You" gracefully to friends who send presents and congratulations, and notifying those who are very special when and where she'll be at home, ready to tell them all about it.

Yes...it IS a gift...absolutely free. Call for your copy soon, and see the new styles in wedding forms and stationary at the same time.

THIS NEWSPAPER

SOFTBALL LEAGUE TO END FRIDAY NIGHT AUGUST 15

The Washington Township Softball league will finish its final stretch Friday evening, August 15 for the season of 1941. Play started May 19. The first four clubs finishing on August 15 will get ready for the playoff games to take place the following week.

According to Albert Silveria of Warm Springs, president of the Softball Association, playoff games will be played Monday evening, August 18; Wednesday evening, August 20; Friday evening, August 21; Monday evening, August 25; Wednesday evening, August 27; and possibly Friday evening, August 29. The first week of the playoffs, a three game series will be played, two games each night between the clubs in first and third place and the clubs in second and fourth places. The last finals will consist of the two clubs, who won the best two games out of three played the week before battling it out for the championship. The clubs playing for the championship will play only one game per night, and the game will start at 7:45 p. m. On Friday evening, August 29 there will be a game providing the teams fighting for the championship have each won one game, and need a third game to decide the trophy winner for 1941.

Central Chev. managed by Romeo Burnelli seems to be progressing right along in the win column, after a shaky start in the league. Silver Dollar has been trying desperately to move in to the first division, but since the Knights of Columbus defeated the Native Sons the Knights cannot seem to lose a game.

On Monday evening in the second game between the Native Sons, league leaders, and the Occidental club now situated in second place, a large and enthusiastic crowd was present, and believe it or not—there were two happy-go-lucky rooting sections, each rooting for their own club.

The schedule follows for next weeks final games, and be sure to attend.

Monday K. of C. vs. W. O. W. Silver Dollar vs. Native Sons.

Tuesday evening: Co. Employees vs. Central Chevrolet; Kraftile vs. Decoto Boosters.

Wednesday evening: Occidental vs. Westvaco; K. of C. vs. Wedgewood.

Thursday evening: Silver Dollar vs. Co. Employees; Native Sons vs. Central Chevrolet.

Friday evening: Occidental vs. W. O. W. Kraftile vs. Westvaco.

Nash Aperry, a well-known man in Washington Township, and a well-liked umpire in the league, left us last week to go to his new job as a laborer at the United States Ship Yards in Oakland. Leonard Dondoro of Newark is replacing Aperry for the balance of the season.

The first triple play of the 1941 season was made last week by the Wedgewood club of Newark in the first game Monday evening against W. O. W.

Results of last weeks games follow:

Monday evening: W. O. W. 5, Wedgewood 3; Native Sons 2, Occidental 1. The second game was an eight inning thriller with Native Sons scoring their winning run on a three base error and a basehit. The Native Sons recently defeated Westvaco 1 to 0 by scoring their winning run on the opponents error. Tony Ornellas pitched his fifteenth win of the season for the Native Sons.

Tuesday evening: K. of C. 8, Co. Employees 5; Central Chev. 11, Silver Dollar 7. The Knights continued to win again behind the steady pitching of John Veira and Vern Willard. Harelson, pitcher for Central Chev. in the second game had Silver dollar throttled 11 to 2, but eased up in the sixth and seventh innings when Silver Dollar scored five runs.

Wednesday evening: Occidental 3, Kraftile 1; Westvaco 5, Decoto Boosters 4. Young Larry Rogers, relief pitcher for Occidental, pitched a good game to tame the Kraftile club, who made a good showing against a first division club. The second game Decoto failed to win again for two reasons. In the first place they had to forfeit the game as they were unable to put ten regular players on the field. In the second place Decoto lost the ball game by a one run margin. Decoto broke the league record by losing 15 straight games last week.

Thursday evening: Silver Dollar 8, W. O. W. 4; Native Sons 7, Co. Employees 3. In the first game Peter Rivers and Larry Betten-court each hit a home run for the winners. In the second game Manuel Silva hit a home run for the Native Sons.

Friday evening: K. of C. 12, Decoto Boosters 4; Wedgewood 17, Central Chev. 1. Wedgewood in the second game went on a hitting rampage to defeat the Chevs. Manuel Santos for Decoto hit two home runs in succession, but Decoto lost by eight runs.

The Faith of a Queen

Steadfast in the faith of her forefathers, Queen Wilhelmina of the Netherlands stands amid the bomb-shattered ruins of the Dutch Church where Hollanders in London have worshipped for centuries. Mainly on religious grounds, the Queen's government has never recognized the Soviets, yet she recently took her place beside the other Allies in welcoming Russia as a fellow-fighter against the one great menace—Nazi Germany. With her is her son-in-law, Prince Bernhard, himself a German by birth, who has just been visiting the United States and telling Americans of the part Hollanders are playing in the Allied struggle for freedom.

DESERTED HUSBAND STABS WIFE'S FRIEND TAKES OWN LIFE

DECOTO — A husband who had brooded since his wife left him three years ago, "ended it all" when he fired a revolver bullet into his brain here Friday night in the sight of his mother.

According to Chief of Police Dick Goodrich of Gilroy, Ralph Serbantes, 28 of 415 Fifth street, Decoto went to Gilroy Thursday night of last week to seek his estranged wife, whom he found in the company of Michael Flores, Gilroy Restaurant worker. Following an argument, Serbantes drew a knife, cut Flores throat and stabbed him in the side.

Rather than face charges of assault with a deadly weapon Serbantes came to his home here, and following a day of brooding took the quickest way out in the presence of his mother, Mrs. Ruby Serbantes, Friday night.

Mrs. Re and three children have returned to their husband and father at their home on G street in Niles, after spending five delightful weeks camping at Strawberry Lake in Tuolumne County.

ALVARADO PARLOR OF NATIVE SONS MAY BE DISCONTINUED

CENTERVILLE — What to do about consolidating the inactive Wisteria Parlor of the Native Sons of Alvarado with the Washington Parlor here, or discontinuing it was taken up at a meeting here Tuesday night. The wisteria parlor is said to have a substantial sum remaining in its treasury.

Number 127, it is one of the oldest Native Sons Parlors in the state having been chartered May 7, 1888. Two charter members still survive: Peter L. Decoto and Ed M. Foley. H. S. Haines of Decoto was the last president and J. M. Scribner, now of Livermore, the last secretary.

FOOD SALE

The ladies of the Sanford Circle of the Niles Congregational church are holding a public food sale this Saturday morning, beginning at 10 o'clock next to Murphy and Briscoe's Grocery store at Niles. The public is invited to come in and buy materials for their lunches that day.

FOOD STAMPS TO BUY FRESH FRUIT

Further stamp plan aid to aid local farmers faced with seasonal surpluses of perishable fruits and vegetables was assured today with the release by the U. S. Department of Agriculture of the blue stamp food list for August.

All the commodities named to the list by the Secretary of Agriculture may be purchased with blue food stamps by those families taking part in the food stamp plan. K. C. May, Surplus Marketing Administration area supervisor, announced that 25,000 persons were participating in the plan in the Bay area.

Blue stamp foods as designated for the month of August are as follows: Fresh vegetables, including potatoes; fresh plums, fresh prunes, fresh pears, fresh oranges, fresh peaches, fresh apples; corn meal, shell eggs, hominy (corn) grits, dry edible beans; wheat flour, enriched wheat flour, self-rising flour, enriched self-rising flour, whole wheat (graham) flour; dried prunes and raisins.

Self-rising flour is interpreted to be flour which contains soda, phos-

BOB HOPE DRAFTS LAUGHS IN NEW ARMY LIFE FILM

Notice to all citizens of Southern Alameda county:

Beginning next Wednesday and Thursday, August 13 and 14, if you see people walking around the streets wearing a silly grin, don't be alarmed. They're doing their patriotic duty, according to Bob Hope who has joined the army in "Caught in the Draft". Paramount's all-out comedy to strengthen the American laugh, which opens next Wednesday evening at the Niles Theatre.

If you're the type that finds it hard to laugh—don't worry there's Hope for you. And with him is Dorothy Lamour, an assurance that the picture is in great shape.

Filled with a wealth of grand new Army gags delivered in the inimitable Hope fashion, the story describes a rookie's life in the Army. Against a background of running-wild tanks, comedy warfare, parachute drops and catchy new tunes, the film promises to be an even funnier show than Bob's last comedy hit, "Road to Zanzibar."

Bob and Dorothy are assisted by Linne Overman (a scrooge) and Eddie Bracken (a stooge) who do their best to show the Army a few new tricks. Clarence Kolb becomes the most irritated colonel in the whole army when his daughter Dorothy campaigns to make her sweetheart a hero.

The rookie gets his cookie, but not before he proves himself a hero to her father in a hair raising episode that takes place during some Army war games. The embryonic General saves the Army from the last of the Hope-Lynne-Bracken unmilitary strategy.

Jenny Mohn, Noble Grand of the Niles Rebekah lodge and a delegation of Niles Rebekahs visited Rose Rebekah lodge at San Leandro Thursday evening, August 7th, to attend the reception given for Therese Barbour of Whittier who is the president of the Rebekah assembly.

phate and salt. On the July list, but eliminated from the August list is pork and pork lard.

SHELL NH₃

• Shell Agricultural Ammonia, guaranteed 81% nitrogen, is metered into irrigation water, goes quickly to plant roots.
